Responsible for the website of ROOISAND Desert Ranch: [Dipl.-Ing. W. Paech](#).
 Copyright 2004, 2005, 2006, 2007, 2008, 2009, 2010 & 2011: W. Paech and Roosisand Desert Ranch.
 Copyright 2004-2010 for all images (except for those marked with a ©) on this website by W. Paech.

ROOISAND CC Desert Ranch is a member of

[NAPHA](#) (Namibia Professional Hunting Association)

[NTB](#) (Namibia Tourism Board) and of

[HAN](#) (Hospitality Association of Namibia)

ROOISAND actively supports

[GOBABEB](#), an international project for studying the relationship between arid areas (deserts), ecology (protection of the environment) und human activity.

The project is also supported and funded by the German foreign aid organization GTZ (Deutsche Gesellschaft für Technische Zusammenarbeit), among others.

Since 1962, the Centre has been one of Southern Africa's foremost centres of arid lands research. Its new focuses on appropriate technology and training mean that the Centre remains highly relevant to sustainable development in Namibia and Southern Africa as a whole.

References and links

Terra Nova Toursim und Farming Pty Ltd does not accept responsibility for the content of any third party website linked to this site - even more so, if content was or is changed after linking the pages. Terra Nova Toursim und Farming Pty Ltd explicitly declares that linked pages did not contain any illegal content at the time of linking and dissociates itself from all third party content which was changed after linking. This also applies to links established from this website as well as to remarks and references entered into the guestbook section by visitors to this site. Any damages which might result from using or not using third party pages advertised in such manner are the sole responsibility of the provider of such pages.

Terra Nova Toursim und Farming Pty Ltd does not accept responsibility for any damages that the user of this website might suffer as a result of downloading files or software from this site. Using this website is entirely at the user's own risk. No responsibility will be accepted for any cost incurred by the repair, replacement or correction of data or hardware as a result of using this website.

Hints for navigating the Rooisand website

- Rooisand's website is optimized for all types of current modern internet browsers. Pixel resolution of the monitor should be at least 850 pixels (ideally 1024 x 768) horizontally, otherwise a vertical scrollbar appears.
- A mouse click on the header image **ALWAYS** takes you back to the HOME page.
- External links and pdf downloads generally open through a separate browser window. This also applies to some other areas on the Rooisand website (follow directions on the respective pages). The pages of Rooisand Observatory open through separate windows as well.

-  return to the top of the page
-  quick-link to a different part of the page or download a pdf file

-  opens a new page
 -  back
 -  opens a pdf file for easy printing of the respective page
